continued to do some good work in the way of affording help to widows and orphans. *Hari Sabhas*, Hindu religious institutions, have been started in several places where religious books are read and hymns are sung. The pandits of Nadia have organized an association for the advancement of Sanskrit learning and for the discussion of philosophical, religious, and social questions, under the name of the College of Pandits of Nadia. The question of calf vaccination was laid before the pandits at their last annual conference during the Christmas holidays, and the pandits gave it as their opinion that there was no religious objection to using calves for vaccination. In Murshidabad there are two other institutions, viz., the "Murshidabad Muhammadan Association" and the "Anjumani." The former deals with matters connected with the intellectual and moral improvement of Muhammadans, and the latter is reported to be a purely religious institution maintained for the help of the poor. In Khulna the only social institutions deserving of notice are the Jessore and Khulna *Sanmilani*, which looks after zanana education and the physical and moral training of boys, and the *Sripur Hitasadhini Sabha*, which maintains a charitable dispensary in Sripur.

#### THE PUBLIC PRESS.

141. In the 24-Parganas the total number of presses was 30, against 27 in the previous year. Six presses were closed and nine opened during the year. Of the presses, 1 is owned by Government, 1 by a European, 1 by a Native Christian, 10 by Muhammadans, and 17 by Hindus. The Horticultural Press, the Bharati Press, and the Suptahik Sambad Press continued to issue periodicals, called *Sanskrit Chandrika*, the *Bharati*, and the *Anand Patrika* respectively. Another periodical, called *Bhishuk Darpan*, has been newly started during the year, and is issued by the Bhishuk Darpan Junta. The Herald Press issued a paper called the *Indian Christian Herald*. Two newspapers—the *Railway Guardian* and the *Power*—have sprung up during the year. The former is issued by the Railway Press, and the latter by the Power Steam Printing Works, which also issues two other papers—the *Banganibasi* and the *National Guardian*. The circulation of these papers and periodicals is confined to a limited number of people. A monthly Bengali magazine, named *Prabha*, printed in Calcutta, is published at Nila, a village in the subdivision of Diamond Harbour. It deals with literary, and not with political or administrative subjects. In Nadia the number of presses was reduced from three to two. No daily, weekly or other periodical paper is issued from any of these presses. In Murshidabad there were 11 presses as against 10 in the previous year. Three weekly newspapers—the *Pratikar*, the *Pratinidhi*, and the *Hitaisi*—were published in this district during the year. They are moderate in tone and limited in circulation. A monthly paper, called the *Nandi*, a comic paper, was started during the year, but after two or three issues it ceased to exist. In Jessore there were four presses, a new press having been started during the year. Three of them execute miscellaneous work, while the fourth, "The Chikitsa Prabash Press," continued to issue a weekly journal, called the *Samaj-o-Sahitya*, and vernacular books on hygiene. As in the previous year, there was only one press in Khulna. It executes job work. No newspaper is issued from it. The vernacular journal called the *Ghoshok*, started in the preceding year by a local Native Christian, continued to be printed and published in Calcutta. It will thus be seen that the newspapers and periodicals published in the districts of this Division are generally of little importance and small circulation. As regards the public press generally, the few who read newspapers in the several districts of this Division read the papers published in Calcutta. Of papers published in English, the *Statesman*, the *Indian Mirror*, the *Amrita Bazar Patrika*, the *Hindu Patriot*, and the *Bengalee* have the largest circulation among the native community. The leading vernacular papers are the *Bangavasi*, the *Banganivasi*, the *Hitavadi*, the *Sanjibani*, the *Samaya*, and the *Sudhakar*. Of these, the *Bangavasi* and the *Banganivasi* are the organs of the orthodox Hindus. The *Hitavadi* is more liberal as regards social matters, and is a supporter of the Congress. The *Samaya* advocates the cause of the raiyat and social reform. The *Sanjibani* is the organ of the Brahma Samaj. The *Sudhakar* is a Muhammadan paper devoted to the cause of the Musalmans. The *Bangavasi* has in some districts found its way among the shopkeepers and the others of the

lower class who know a little of reading and writing. My remarks on public feeling apply to the public press, with which the people at large may be said to have nothing to do. though I cannot but think that there is a danger of the seditious and malignant misrepresentations of the native press gradually filtering downwards and leading the discontented among the people to believe that the British Government is their enemy.

#### XXXV.—SUBORDINATE EXECUTIVE ESTABLISHMENT AND CHARACTER OF OFFICERS.

142. Seventeen Sub-Deputy Collectors and thirteen kanungos were employed in this Division during 1894-95, as shown below:—

143. Of the five Sub-Deputy Collectors in the 24-Parganas, Babu Amrita Lal Gupta worked for a few months only, and Babu Adyata Charan De is specially employed as Superintendent of the Port Canning estate. Since the middle of February, Babu Jotendra Nath Gupta has been employed exclusively on settlement operations. One of the Sub-Deputy Collectors of Nadia, Babu Charu Chandra Kumar, was transferred from this Division early in the year. Another Sub-Deputy Collector, Babu Hem Chandra Mitter, went away on leave on 21st September 1894, and returned to duty on the 4th March 1895. So, properly speaking, only two Sub-Deputy Collectors worked in this district throughout the year, and one for half the year. Babu Hara Chandra Ghose, who was a Sub-Deputy Collector in Murshidabad, has been promoted to be a Deputy Collector. There was one Sub-Deputy Collector at Khulna for some months, and one in the Satkhira subdivision for the whole year. The Sub-Deputy Collectors and kanungos were employed as usual on measurement, settlement, collection of rent from khas mahals, and other miscellaneous and outdoor duties, but they greatly prefer sedentary work in offices, and it requires constant goading and supervision to keep them on tour. The Sub-Deputy Collectors at some of the subdivisions were employed in criminal judicial work, which I think interferes unduly with their revenue work. The remarks of District Officers about the qualifications of the Sub-Deputy Collectors will be found with mine in the statement showing the character of gazetted officers appended to this report. Of the kanungos, Babu Rash Behary Bose, attached to Basirhat, and Babu Nriya Gopal Sanyal, at Krishnagar, have not been favourably reported on. The latter officer is lazy and perfunctory in his work.

#### XXXVI.—CONDUCT OF ZAMINDARS.

144. In the 24-Parganas most of the zamindars are non-resident, and there is not much sympathy between them and their raiyats, in whose welfare they usually take no personal interest. The Mookerjees of Goberdanga, and Babu Prosad Das Dutt, who has a zamindari in the Diamond Harbour subdivision, take an interest in the welfare of their tenants, and the zamindars of Goberdanga maintain a school and a dispensary. In the 24-Parganas, Babu Rajkishore Mandal is generally reported to be a tyrannous landlord. Debendra Nath Bose, son of Dwarka Nath Bose, the zamindar of Metakhira abad, with a number of *lathials*, attacked the cutcherry of a tenure-holder in the abad, and because, in the affray which took place, some of the assailants were wounded, a case was brought against the defending party, which resulted in acquittal. The landlord appears to have been the guilty party. In Nadia the zamindars, with a few exceptions, have been quiet and law-abiding. There have been several criminal cases between Nafar Chandra Pal Chaudhuri and Ram Gopal Chetlangi, regarding the possession of certain chars, and an addi-

## DEPARTMENT OF REVENUE AND AGRICULTURE.

## INVENTIONS AND DESIGNS.

Dated Calcutta, the 10th October 1895.

## NOTIFICATION.

In exercise of the powers conferred by sections 49 and 53 of the Inventions and Designs Act (V of 1888), the Governor-General in Council is pleased to make the following rules for the preparation of applications and specifications filed under sections 5, 8 and 51 of the Act and of drawings attached thereto:—

1. All words used in these rules and defined in the said Act shall have the meanings thereby assigned to them respectively.
2. Applications and specifications must be neatly and legibly written, printed, or otherwise reproduced upon one side only of stout paper of half foolscap size, that is, of a size of 13 inches in height by 8 inches in width, and the pages numbered consecutively in the right-hand top corner.
3. Drawings must be on either stout paper or tracing cloth, and must be neat and clear. Photographs will be accepted if made or mounted in accordance with the following rules.
4. The left-hand portion of each sheet of drawings, to the width of a half sheet of foolscap, that is, a width of 8 inches, must be left blank, so that when the sheets are opened out, the sheets which lie above them and contain the text of the application or specification will conceal no portion of the drawings.

## 5. Each sheet of drawings must be—

- (a) of a width not greater than that of a sheet of foolscap, that is, a width of 16 inches, except when the size of any single drawing is such that a greater width is required for it;
- (b) of the same height as a sheet of foolscap, that is, a height of 13 inches, except when the size of any single drawing is such that notwithstanding increased width a greater height is unavoidably necessary.

6. A clear margin of half an inch must be left round the portion of the sheet which is occupied by drawings.

7. Reference figures and letters must be clear and bold, and the same letters should be used for the same parts in different views or drawings. In complicated drawings, or when there is not room to write the letters in their proper places, the letters should be shown outside the figure and connected with the parts referred to by fine lines.

8. The name of the applicant, and the year in which the application is made or specification filed, should be shown on each sheet of drawings in the right-hand top corner of the blank space left, under rule 4. The sheets, when more than one, should be numbered consecutively, and the number of each should be shown in the right-hand top corner of the sheet.

9. No written description of the invention or design should appear on the sheets of drawings.

10. When a patent has been applied for or obtained in England, a *fac-simile* of the drawings submitted with the English application may be filed, without reference to the above rules.

11. Notwithstanding its non-compliance with any of the above rules, the Governor-General in Council may in his discretion permit any application or specification to be received and filed without requiring the same to be amended.

By order of the High Court,  
T. W. RICHARDSON, Offg. Registrar.

HIGH COURT,  
The 22nd November 1895.

Issued by authority of the High Court of Judicature at Fort William in Bengal.

(CIVIL AND CRIMINAL.)

Rule No. , dated the , 1895.

1. Cancel clause (b) of Rule <sup>21 at page 62 (Civil)</sup> ~~8~~ and the note thereto at pages 63, 65 (Criminal) of the High Court's General Rules and Circular Orders and substitute therefor the following:—

(b) [Rule No. of 1895.]—In regard to applications for copies, if the application be allowed and the copy made, the proper officer shall, before issuing the copy, punch the court-fee stamp required for such copy by the laws\* for the time being in force, in the manner directed by paragraph 3 of Circular No. 13 of 1892 of the Board of Revenue reproduced in clause (c) of this Rule. If the application be disallowed, or if, before the copy is made, the applicant intimate that he does not require it, such court-fee stamp may be returned to him, a note of this having been done being made in the Register and signed by the proper officer and the applicant.

2. Substitute the following for sub-rule IV <sup>4 of Rule 7 at pages 122 and 123 (Civil)</sup> ~~of Rule 6 at pages 174 and 175 (Criminal)~~ <sup>added:—</sup>

4. When a copy of a judgment or decree or any other document is required, the party requiring the same shall deliver to the officer designated by the Judge under Rule 1 an application signed by his vakil or by his authorized agent, or by himself, if acting in person, in Form B, which will be obtainable in loose sheets in the same way and at the same cost as Form A.

4A. Every such application shall be numbered consecutively as received, and it shall be the duty of the officer to whom the requisition is delivered at once if possible, or during the same day, or not later than the following day, to ascertain the amount of court-fee stamps payable for the copy asked for and the number of folios required for its preparation, and at the same time to inform the applicant thereof.

4B. When such information cannot be given at once, the officer shall inform the applicant when he may expect to obtain it. The counterfoil of the application shall be returned to the applicant, and it shall be his duty to attend at the time named.

4C. The amount of court-fee stamps and the number of folios required shall always be noted on the back of the requisition, and the applicant shall be required to put his signature thereto as an acknowledgment of his having received the information.

4D. The applicant shall further be informed that his application will not be considered complete, and that the preparation of the copy will not be commenced until he has supplied in full the court-fee stamps and the number of folios stated to be required.

4E. office, together with the stamps and folios, for the preparation of the copy. The applicant shall retain the counterfoil, and it shall be his duty to attend on the date fixed for the purpose of receiving the copy.

4F. The number of folios required should be carefully calculated, so as to obviate the necessity of obtaining additional folios from the applicant—a contingency which, under a proper system, ought never to arise.

3. Cancel the "Note" at the foot of the "Form of application for copies" reproduced at page <sup>127 (Civil)</sup>~~126 (Criminal)~~ *ibid* and substitute therefor the following:—

Note.—This portion of the form must be filled up by the applicant. He will receive it back signed by the proper officer. He shall be informed, as soon as possible, of the amount of court-fee stamps and the number of folios required. If this information cannot be given at once, the applicant should attend at the time named for the purpose of obtaining it. The application will not be considered complete, and the preparation of the copy will not be begun, until the stamps and folios necessary have been supplied in full. When the applicant supplies the stamps and folios he shall present this counterfoil, and the date on which the copy will be ready will be noted on the back. The applicant should keep the counterfoil, and on his presenting it, either personally or by an agent whose name has been endorsed on the back, on the date fixed, the copy (there being no objection) will be given to him.

4. In clause (k) of <sup>Rule 8</sup>~~Rule 7~~ at page <sup>121 (Civil)</sup>~~120 (Criminal)~~ *ibid*, for "Date of delivery of the requisite stamped sheets," substitute "Date of delivery of the requisite stamps and folios."

Sheriff's Office, the 30th October 1895.

## NOTIFICATIONS OF THE BOARD OF REVENUE.

UNDER section 22 (2) of Act I (B.C.) of 1895, the Public Demand Recovery Act, the following rules have been framed by the Board with reference to the requirements of section 287 of the Code of Civil Procedure in regard to sales of property in execution of a certificate, and are published for general information :—

- I.—When the officer who effects an attachment under section 269, Act XIV of 1882, believes that the property attached does not exceed twenty rupees in value, he shall inform the debtor, or, in his absence, any present adult member of his family, that it will be sold by public auction at once, without the issue of any proclamation under section 287. In case the decree-holder or the judgment-debtor, or any person on his behalf, objects to the adoption of the course, the attaching officer will convoke a panchayat of not less than three respectable adult male inhabitants of the neighbourhood, of whom ordinarily the headman of the village should be one, and will require them to assess the value of the property. If they determine that it exceeds Rs. 20 in value, he shall deal with it under the rules framed by the Lieutenant-Governor of Bengal, otherwise he shall forthwith proceed to sell it by auction, after giving such reasonable notice, as the circumstances of the case admit of, to intending purchasers.
- II.—At the time of making an application under section 280, Act XIV of 1882, for the attachment of moveable property in the possession of the judgment-debtor, the decree-holder shall pay the costs of issuing the proclamation of sale under section 287 of the Act, unless the value of the property, the attachment of which is applied for, is alleged by him not to exceed Rs. 20 in value. In this case, should the value of the property as determined by the above rule, be found to exceed Rs. 20, the decree-holder shall pay the costs of the proclamation immediately on receipt of notice of attachment.
- III.—Sales of moveable property not exceeding Rs. 20 in value shall be held on the spot. Such sales will necessarily be conducted by persons when they are the attaching officers. Sales of moveable property of greater value may be held on the spot or at the Sadar or subdivisional head-quarters, as may seem convenient and conducive to the securing of good prices. For such sales officers of higher rank than peons should always be deputed when the value of the property is estimated to exceed Rs. 50, and proclamation should be issued. When the value is between Rs. 20 and Rs. 50, the Collector or Deputy Collector may by a special order depute a peon, if he considers it desirable to do so.
- IV.—Sales of immoveable property should ordinarily be held at the district or subdivisional head-quarters, according as the villages may be nearer to either, but sales on the spot are desirable when bids or sufficient bids cannot be obtained at head-quarters. It sometimes happens that it is only by holding sales in the villages that the property can be disposed of. When this is the case, nazira, naib-nazira or bakshis should be employed; but in rare instances, where the value of the property is very small and the cost of deputing a higher officer would be out of proportion to it, a trustworthy peon may be sent out under the special orders of the Collector or Deputy Collector. For all sales of immoveable property proclamation must be issued.
- V.—Sales of estates or shares of estates should always be held at the district or subdivisional head-quarters.
- VI.—In order to ensure a good attendance of bidders and fair bids, it is desirable that regular sale days, whether one or more in the month, should be fixed, and that lists of property to be put up at each sale should be published some days in advance. This arrangement cannot, perhaps, be made ordinarily at subdivisions, where sales are few and far between, but it should be introduced where the sales are sufficiently numerous and regular.
- VII.—In cases in which the decree-holder applies for leave to purchase under section 294 of the Code of Civil Procedure, no order to set off the purchase-money against the amount of the decree shall be made upon the application for leave to purchase. Such order shall be made upon a petition presented after the property has been knocked down to the decree-holder at the auction-sale, and such petition shall be stamped with stamps of the value of the poundage fee due for selling the property, viz.—  
 2 per cent. on the gross amount realized by the sale of the property, up to Rs. 1,000.  
 1 per cent. more on all excess of all gross proceeds beyond Rs. 1,000.

VIII.—Upon the hearing of such petition the costs of execution, including the amount of the stamps attached to the petition, shall be ascertained and shall be added to the decree; and in cases in which the amount of the purchase-money exceeds the amount of the decree and of such costs, the decree-holder who has so purchased the property shall pay into Court the sum of 25 per cent. upon the balance of the purchase-money after deducting the amount of the decree and of such costs, and shall pay the balance at the expiration of fifteen days in accordance with section 807 of the Code of Civil Procedure.

The following are the conditions of sale:—

1.—The opium will be sold for exportation by sea only, and no certificate will be granted except to cover such export.

2.—The opium will be ordinarily offered for sale at an upset price of Rs. 800 per chest, and sold to the highest bidder above that price, except under the circumstances for which provision is made by clause 13 of these conditions of sale. The bids must advance by Rs. 5 at a time.

3.—The sale shall commence at the hour of 11 A.M. of the day fixed by previous notification, and shall not be continued after the hour of 5 P.M.; but if at that hour any of the lots advertised for sale shall remain unsold, the sale may, at the discretion of the Board of Revenue, be resumed on the next day following (not being Sunday or a public holiday), at the hour of 11 A.M., and so on until the whole of the remaining lots are disposed of; or, if the whole quantity advertised shall not be sold on the day appointed, the Board of Revenue may dispose of the lots which remain on hand at a future sale.

4.—Each lot shall contain five chests.

5.—A Promissory Note for a sum, calculated according to the scale, noted in the margin,

#### DEPOSIT.

When the amount bid is less than Rs. 1,200 per chest, Rs. 200 per chest.

On bids of Rs. 1,200 and upwards, but less than Rs. 1,600 per chest, Rs. 300 per chest.

On bids of Rs. 1,600 and upwards, but less than Rs. 2,000 per chest, Rs. 400 per chest.

And so on, Rs. 100 being added to the deposit for every bid additional, to the extent of Rs. 400.

shall be taken as a deposit on each lot from the purchaser in the sale-room and before the lot is registered in the sale-book, and all such Promissory Notes shall be redeemed on the part of the purchasers at this Office by Bank of Bengal receipts or by substitution of other public securities of the Government of India, on or before 3-30 P.M., in the afternoon of the fifth day after the sale, provided it does not fall on a Saturday; if it falls on a Saturday, the said notes must be redeemed by 1-30 P.M., or, on the other hand, failing such redemption by the time aforesaid, then the lot or lots for which no Bank of Bengal receipts or deposit of other public securities as aforesaid shall have been delivered in, shall be re-sold at such time or times and under such conditions of re-sale as the Board of Revenue shall see fit; and all losses and expenses whatsoever attending such re-sale shall be borne and paid by the defaulters, whilst any profit accruing from such re-sale shall be forfeited to Government.

6.—The said Promissory Notes shall be absolutely payable in any event, and the amount thereof shall be absolutely forfeited upon such default as before mentioned, and the amount thereof shall not go or be credited in reduction of any loss on re-sale or expenses thereby incurred, but shall be recoverable whether such re-sale shall be had or not, or whether there shall be a loss on such re-sale or not.

7.—The Promissory Notes taken on the day of sale under the fifth condition, if remaining unredeemed at 3-30 P.M. of the fifth day following the day of sale, or 1-30 P.M., if the last day falls on a Saturday, will be placed in the hands of the Solicitor to the Government for realization in such manner as to him shall seem fit.

8.—No tender of money, Bank of Bengal Receipts, or public securities, on account of opium upon which the prescribed deposit may not have been made before the prescribed time in clause 5 on the fifth day following the day of sale will be afterwards accepted. Provided always that money so subsequently tendered may be taken in payment of the said Promissory Note, but such acceptance of money shall in no way entitle the payer thereof to any right to delivery of the lot or lots in respect whereof the said note was given, or to any of the rights of a purchaser thereof, or release the payer from liability for any unpaid balance of such notes or from the additional liability for the loss and expenses of such re-sale as provided for in clauses No. 5 and No. 6.

9.—The opium advertised for sale shall be paid for not later than by 3-30 P.M. of the fifteenth day from the day of sale, provided it does not fall on a Saturday; if it falls on a Saturday, the opium must be paid for by 1-30 P.M.; and in case any lots of such opium shall not be so paid for and adjusted, then the cash deposit made under the fifth condition, or any public securities that may have been deposited on account of such lots or chests, shall be forfeited, and the opium shall be disposed of on account of Government at such time and in such manner as the Board of Revenue shall think fit; and the first purchaser shall further be required to make good all expenses and any loss or difference of price between that obtained at the re-sale and the amount at which the opium was first purchased, forfeiting all advantages that may arise from such re-sale, and the liability for the loss or difference of price and expenses shall be in addition to, and wholly independent of, the amount of the deposit so forfeited.

10.—Purchasers taking out certificates or orders for the delivery of opium, after making full payment as above prescribed, shall have the option of naming the number of lots of their purchase, which they may desire to be included in each certificate or order; and it is to be clearly understood that the certificates or orders so taken out shall be considered final, and not afterwards changeable for other certificates or orders authorizing the delivery of single lots, or of a different number of lots or chests, whether more or less, than the number of lots or chests originally required to be included in each certificate or order.

11.—No deposit of public securities under the fifth of the present conditions will be received in this office except from the party recorded as the purchaser in the sale-book, or his authorized agent. The receipt for deposit of public securities will be granted only in the name of such purchaser, and the securities so deposited will be returned when payment in full has been made by the said purchaser or his order.

12.—The officer superintending the sale on the part of the Government is empowered to reject, at his discretion, the bid of any individual, unless such individual shall on demand tender at the time a deposit either in Government of India Notes, Bank of Bengal Receipts, or Government Securities, a sum equal to the amount for which a promissory Note would otherwise be taken under the fifth of these conditions.

13.—With a view to prevent fictitious biddings designed to obstruct the sale, it is hereby notified that the officer of Government superintending the sale shall be competent, at any time during the sale, to withdraw any unsold lot, and immediately to put it up again for sale at a maximum upset price, diminishing the same gradually by Rs. 5 at a time until a bid is obtained; and the first *bond fide* bidder for a lot after it has been offered for sale in the mode here described shall be held and declared to be the purchaser of the said lot, and the officer of Government Superintending the sale shall also be competent to dispose, in the same manner, of as many of the subsequent lots as he may think proper, provided always that no lot shall be sold below the minimum price of Rs. 300 specified in the second of these conditions.

14.—The purchaser of any lot shall have the option of naming and purchasing in immediate succession, at the same price and under the same conditions, any number of lots of the same Agency opium not exceeding altogether twenty-five lots, provided always that there remain a sufficient number of lots of the opium to complete the said twenty-five.

15.—In the event of any dispute or difference touching or concerning any matter or question arising out of the sale of the opium included in this notification, or adjustment of the account thereof, the same shall and may be tried and decided in the High Court of Judicature at Fort William in Bengal.

16.—The following papers will be exhibited for inspection on the day of sale, or may be seen previously to that date by personal application at the Office of the Board of Revenue:—No. 1, certificate of the opium advertised for sale; No. 2, report of the examination of such opium.

17.—The public are hereby informed that in providing the investment of the opium manufactured at the Patna Factory and the opium manufactured at the Ghazipur Factory for the year 1894-95, the same precautions have been taken as those which have been observed during past years to have the drug procured and sent down in a pure state, to have only the prescribed quantity of leaves used in forming the cakes, and to have the due proportion of opium put into each cake. An account of the weight of the drug when packed at the Patna and Ghazipur Factories, and a statement of the average weight of the chests, indiscriminately taken, for the purpose of comparison, from the despatches on arrival at Calcutta, may be seen on personal application at the Office of the Board of Revenue.

18.—Any further information respecting weight or quality of the opium advertised for sale, that may be desired by parties connected with the trade, will, as heretofore, be furnished to them on personal application at the Office of the Board of Revenue. But, in accordance with established usage, under no circumstances will the Board of Revenue entertain or recognize any claim to compensation for loss from any alleged deficiency of weight, abstraction of opium, or adulteration of the drug, which may be preferred on reference to chests after the sale and delivery of the opium for shipment.

## RESOLUTION.

*Simla, the 6th November 1895.*

The Income Tax Act, II of 1886, came into operation from the 1st April 1886, and has therefore now been in operation for nine years, during which no change has been made in the rate of the tax. Except in the Financial Statement for 1888-89, which contained an account of the first year's administration of the tax, no general review of the working of the Act has as yet been published, and it is desirable now to present such a review for the whole period during which the tax has been levied to the year 1893-94, the most recent year for which final figures are available.

2. A set of statistical tables has been compiled and published in the volume of *Financial and Commercial Statistics for British India*, in which all the main facts connected with the administration of the tax from the time of its imposition are set forth for India collectively and for each province separately. The figures in this Resolution are taken from these tables.

3. The Act took the place of various Acts under which annual licenses were required for the exercise of any trades, dealings, or industries. Those Acts were in force in the provinces of Madras, Bombay, Bengal, the North-Western Provinces and Oudh, and the Punjab; and in the last year of their existence the net revenue obtained from the taxation imposed under them amounted to Rx. 472,800. In the first year of the operation of the Income Tax Act the net revenue realised in those Provinces was Rx. 1,277,511.

4. The proceeds of the tax have increased steadily from year to year, the gross collections having risen from Rx. 1,369,180 in 1886-87 to Rx. 1,709,323 in 1893-94. The increase amounts to 24·84 per cent., being on an average over 3 per cent., annually.

The transactions during this period are shewn in the subjoined table:—

\* Calcutta, Bombay, and Madras.

It will be observed from the foregoing table that the collections in the three cities of Calcutta, Bombay, and Madras average nearly one-fourth of the collections in all India.

There is a steady increase both in the gross collections and in their ratio to the population, and this is no doubt due as much to the increasing wealth of the people, as well as to the increasing experience of the officers engaged in the administration of the tax.

5. The average annual gross collections have been distributed as follows under each of the classes specified in the Schedule of the Act during the period mentioned:—

I, Salaries and Pensions . . . . .	29·70 per cent.
II, Profits of Companies . . . . .	5·95 "
III, Interest on Securities . . . . .	5·84 "
IV, Other sources of Income . . . . .	58·51 "

6. The average collections in each province are given below:—

Average annual collections. Rx.	Average annual collections. Rx.
Bengal . . . . . 391,005	Central Provinces . . . . . 33,928
Bombay . . . . . 343,511	Assam . . . . . 21,798

Madras . . . . . 163,582	Hyderabad . . . . . 4,267
Punjab . . . . . 110,724	Bangalore . . . . . 3,087
Burma . . . . . 61,520	Coorg . . . . . 1,251

The largest collections are in Bengal which has the largest population of any of the provinces and, of course, includes the city of Calcutta; the Presidency of Bombay with a smaller, but a generally wealthier population, contributes nearly as much; and next in order come the North-Western Provinces and Oudh (which

contain four or five commercial cities of what may be called the second rank)\* Madras (which might *prima facie* have been expected to rank more highly, as compared with Northern India,—see next paragraph), and the Punjab, the collections in the remaining provinces being less than Rx. 100,000 in each case. In Bengal, Bombay, and Madras a large proportion of the tax is collected in the Presidency towns, as will be seen from the figures appended which are those for 1893-94:—

	Rx.
Bengal . . . . .	419,933

7. The subjoined figures shew the gross collections in each province for each year since 1886-87:—

Coorg . . . . .	1,309	1,258	1,359	1,257	1,074	1,099	1,327	1,324	1'14

The increase in Bengal and Bombay has been fairly steady. In the North-Western Provinces and Oudh the figures are singularly uniform from year to year. Madras shews a small increase during the first five years, but a rapid one during the last three, which if maintained will much improve its position in the table in paragraph 6. Punjab, Central Provinces and Assam shew a steady increase. The large increase in Burma is due in part to the extension of the tax to new areas.

8. The cost of collection on the first introduction of the tax was comparatively high, amounting in 1886-87 to Rx. 53,283. The necessity for special establishments which existed in the beginning disappeared as experience was acquired, and since 1887 the cost has ranged from Rx. 26,816 to Rx. 30,619. The absence of mofussil establishments makes it far higher in Bengal than elsewhere. In that province, apart from the special staff maintained in Calcutta, there is a large staff of assessors employed in the districts, while in Bombay and other provinces the work of assessment is mainly done by the district officials. The percentages in Burma and Ajmere-Merwara are also exceptionally high. Subjoined are the ratios of the cost of collection in each province to the total collections in 1893-94:—

	Per cent.
Bengal . . . . .	4'19
Bombay . . . . .	1'45
Madras . . . . .	0'99
North-Western Provinces and Oudh . . . . .	0'83

Central Provinces . . . . .	Nil.
Assam . . . . .	0'43
Burma . . . . .	2'81

9. The incidence of the tax per head of population in the whole of British India has been given in the table in paragraph 4 of this Resolution. The incidence is highest in Bombay and Burma, where the commercial communities of the cities of Bombay and Rangoon contribute a relatively high proportion of the provincial collections; and it is lowest in the Central Provinces.

10. The Act exempts from the tax persons with an annual income of less than Rs500, who form the bulk of the population. The figures in the following table give the number of the taxable classes of the population (that is, the number of assesseees) in 1893-94, and the incidence of the tax on them in each province:—

	Number of assesseees.	Final demand. Rs.	Incidence per assessee. R.
Bengal . . . . .	113,770	435,114	38.24
Bombay . . . . .	86,528	372,898	43.09
Madras . . . . .	71,025	204,153	28.74
North-Western Provinces and Oudh . . . . .	76,076	231,092	30.38
Punjab . . . . .	46,814	125,105	26.72
Central Provinces . . . . .	10,371	37,744	36.39
Assam . . . . .	7,802	26,049	33.39
Burma . . . . .	18,576	73,301	39.24
Ajmere-Merwara . . . . .	3,086	8,076	26.17
Coorg . . . . .	438	2,000	45.65
Bangalore . . . . .	781	3,277	41.96
Hyderabad . . . . .	812	4,834	59.53
Port Blair . . . . .	104	633	60.85

The whole number of persons assessed to the tax in 1893-94 was only 436,283, and the incidence on each assessee of the total final demand (Rs. 1,524,276) was just under Rs35 (Rs34.93). Of the larger provinces, Bombay heads the list; but it is not possible to gather much from any comparison based on these figures, as a high incidence may be equally due to the full assessment of the wealthy classes, and to an unduly low assessment of the moderately well-off ones. In Burma for example, the tax is in force only in some selected areas, and therefore necessarily shews a high incidence. The incidence in Hyderabad and Port Blair is far higher than it is elsewhere, because in both cases only Government officials are assessed. The lowest incidence is in Ajmere, the Punjab, and Madras.

11. The subjoined statement shews the incidence of the tax per 100,000 of the population for each province. The figures represent the incidence in Calcutta on the population of that city, in the rest of Bengal on the population of the province minus the population of Calcutta, and in Bengal generally including Calcutta on the whole population of the province including Calcutta; and similarly for Bombay, Madras, and Burma. It will be seen that outside the large commercial centres the incidence of the tax is extremely light:—

Among the presidency cities Bombay seems to fall short as compared with Calcutta; but looking at the interior of the presidency, Bombay in a long way ahead of Bengal as might be expected from the comparison of the commercially active towns in these provinces respectively.

12. Under Part II of the Schedule of the Act (Profits of Companies) the largest sums are obtained from railway and cotton-spinning and weaving companies, banking companies also contributing a considerable share. Under Part IV, the largest amount of the tax is realised from persons engaged in money lending and changing.

The following figures compare the collections from companies in 1886-87 and 1893-94 :—

	1886-87. Rx.	1893-94. Rx.
Railway . . . . .	37,180	29,002
Cotton spinning and weaving . . . . .	5,532	20,584

Jute and hemp . . . . .	556	3,120
Insurance . . . . .	3,192	3,057
Others . . . . .	10,468	18,329

The decline in the collections from Railway companies is partly due to a legal decision as to the assessment and partly to the transfer to Government after 1886-87 of the Oudh and Rohilkhand Railway. The increases against cotton and jute, reflect the advance of these two industries.

13. A similar comparison for the classes under Part IV of the Schedule (variable individual incomes) brings out the following figures for the more important classes :—

15. Below are shown the collections of the tax classified according to the amount of income. Under classes I to VI (Rs 500 to Rs 2,000), the total collections are a little more than half the amount realised under classes VII to XV (Rs 2,000 and upwards). The first and second classes, those including incomes ranging from Rs 500 to Rs 1,000 annually, paid over 33 lakhs in 1893-94, being just about one-fifth of the total receipts from all classes.

The total collections under the several classes, distributed between the different provinces in 1893-94, were as follows:—

PROVINCE.	Classes I to VI, Rx. 50-200.	Class VII, Rx. 200-250.	Class VIII, Rx. 250-500.	Class IX, Rx. 500-1,000.	Class X, Rx. 1,000-2,000.	Class XI, Rx. 2,000-3,000.	Class XII, Rx. 3,000-4,000. The comparatively large proportion of assesses under Rs 2,000 income, in the North-Western Provinces and Oudh and the Punjab, deserves notice; it may be taken to mark the greater equality of income in these provinces.

Sections 279—286, 295 and 297 of the Bengal Municipal Act III of 1884, as amended by Act IV of 1894, as adapted to the Cantonment of Barrackpore.

279. (1) It shall be lawful for the Cantonment Committee at a meeting to impose a water-rate not exceeding seven and-a-half per centum on the annual value of holdings when the houses and lands are situated in any road supplied with water, and not exceeding six per centum when the houses and lands are situated in any road not so supplied.

(2) In fixing the amount of the rate, regard shall be had to the principle that the total net proceeds of the tax, together with the estimated income from payments for water supplied from the works under special contract or otherwise, shall not exceed the amount required for carrying out the purposes of these provisions.

(3) The water-rate shall be paid by the occupiers of the holdings by quarterly instalments in advance:

Provided that such water-rate shall not be levied upon—

(a) any house or land, no part of which is within a radius of 1,000 feet from the nearest standpipe or other supply of water available to the public; or

(b) any land used exclusively for purpose of agriculture;

Provided also that nothing in this section shall prevent the Cantonment Committee from making any special arrangement consistent with this Act with persons residing beyond the radius fixed in clause (a) above.

280. The annual value of holdings shall be the value determined by the Cantonment Committee for the imposition of the rate on holdings which is now levied in the Cantonment.

282. Whenever any house or land has been unoccupied during an entire quarter, the owner of the said house or land shall pay to the Cantonment Committee one-fourth of the sum which would have been payable as water-rate by the occupier if such house or land had been occupied.

The sum payable by the owner under this section shall be deemed to be due on the first day of the quarter following that in respect of which the said sum is payable.

283. Whenever any quarterly instalment of the water-rate shall have been paid in respect of any house or land, and such house or land shall, during the quarter for which such instalment shall have been paid, cease to be occupied, the person who shall have paid such water-rate shall be entitled to be repaid by the Cantonment Committee three-fourths of such sum as shall bear to the amount paid by him the same proportion which the residue of the quarter bears to the entire quarter:

Provided that notice shall have been given in writing to the Cantonment Committee of such house or land being unoccupied, and that the application for refund be made within six months next after the date on which the house or land ceased to be occupied.

The date on which the said notice is delivered at the office of the Cantonment Committee shall, for the purposes of this section, be deemed to be the date on which the house or land ceased to be occupied.

284. Whenever any house or land which shall have been unoccupied shall begin to be occupied during any quarter, there shall be forthwith payable by the occupier in respect of such house or land a sum calculated at one-fourth of the rate that would have been payable if the house or land had been occupied during the entire quarter for the period during which the house or land was not occupied, and the full rate for the residue of the quarter.

And such occupier shall be entitled to deduct from the rent, or otherwise recover from the owner, one-fourth of the water-rate that would have been payable if the house or land had been occupied during the entire quarter.

The provisions of sections three hundred and twelve,\* three hundred and thirteen, and three hundred and fourteen shall be applicable, provided that the owner shall not be entitled to recover from any occupying tenant more than three-fourths of the water-rate that would, but for this proviso, be recoverable by him under the said sections.

295. The Cantonment Committee at a meeting may determine what quantity of water shall be supplied to the occupier of every house, free of further charge, for every rupee paid to the Committee as water-rate on account of such house.

If the Cantonment Committee have reason to believe that the occupier of any house consumes more water than he is entitled to as aforesaid, it shall be lawful for them to provide a water meter at their own expense, and to attach the same to the water-pipes of the said house; and any water which may be used over and above the quantity to which the occupier is entitled as aforesaid, shall be paid for by him at such rate as the Cantonment Committee at a meeting may determine.

297. If any person supplied with water shall neglect to pay the water-rate hereinbefore mentioned at the times of payment thereof, or the charge made for the said water when supplied for other than domestic purposes, the Cantonment Committee may turn off the water from the house or land in respect of which such rate or charge is payable, and may recover the expense of turning off the water from such person.

Provided that the stopping or cutting off the supply of water shall not relieve any person from any penalties or liabilities which he may have incurred.

To—The Municipal Commissioners of Calcutta.

We have the honour to report that the cash accounts of the Corporation of Calcutta for the year ending 31st March 1895 have been audited on our behalf, and have been found correct.

2. We have signed the printed statement of the annual accounts of the Corporation for the year 1894-95 in token of our having been satisfied with the audit exercised on our behalf, and we herewith transmit that statement, with a formal certificate that the accounts set forth in that statement have been correctly extracted from the books kept in the Accounts Branch of the Office of the Corporation.

3. We have at the same time to invite attention to the defects, detailed in the accompanying note, which exist in your accounts, and to the suggestions which, as noticed in the note, were made in previous reports but have not yet been acted on.

We have, &c.,

G. E. MANIATY,  
Offg. Accountant-General.

J. A. ROBERTSON,  
Examiner of Local Accounts.

*Note on the Audit of the Accounts of Calcutta Municipality for the year 1894-95.*

The following heads in the *General Fund Ledger* have been closed with the gross balances noted against each head:—

*Debit balance.*

	Rs.	A.	P.
House drainage recoverable ...	23,011	3	2
Health Department—Bustee drainage recoverable ...	15,089	7	10

The details of these balances have been worked out and a statement prepared by the Account Department showing the difference between these balances and the balances as per miscellaneous bill register. That statement was submitted to the General Committee on the 20th July 1895, soliciting sanction to write off the differences between the general ledger and the miscellaneous bill register. The General Committee would not sanction the differences being written off, nor the details being finally dealt with until another attempt had been made to recover them by an officer to be specially deputed for that purpose. Up to the date of this note, however, no officer has been deputed, and the differences are still unadjusted. The cause of the excess in the ledger balances, which under the two heads amounts to Rs. 25,201-10-8, is that bills dating back as far as the year 1891 have from time to time been cancelled under the sanction of the Vice-Chairman, Chairman, and Commissioners, without being written off the accounts. In these circumstances, it is evident that the greater part of the difference must be irrecoverable, and that its retention on the books as a realisable asset is misleading. We would, therefore, recommend that a book adjustment be made charging the full difference to profit and loss. This will of course in no way prejudice the right of the Corporation to make any recoveries on the report of the officer deputed to investigate the claims. It will merely be necessary to prepare a list of these claims and credit the recoveries to profit and loss.

*Credit balance.*

*Town Hall recoverable—Rs. 1,562-13-9.*

The details have been worked out. Some of the items go back to 1893. The Secretary to the Corporation should now investigate each item, and adjust as many as possible during the year.

*Credit balance.*

*Interest on Contractors' Deposits—Rs. 4,564-4-1.*

The details have been worked out and consist of 65 items. During the current year the Chief Accountant should adjust as many items as possible, so as to reduce the clerical labour of carrying forward details of so many accounts. Included in the above 65 items are 35 belonging to security deposits of employes. They should be transferred to a separate head styled "Security Deposits of Employes," to distinguish them from contractors' deposits.

*General Deposit Account—Rs. 52,373-8.*

There are 13 items of security deposit of employes included in this balance. They should also be transferred to the new head.

*License Deposit Account—Rs. 428.*

There are 4 items belonging to the year 1893, 1 item of 1892, and 2 items of 1891, included in this balance. The License Officer should be called upon to adjust these old items as soon as possible.

*Contractors' Deposit Account, Government paper—Rs. 1,67,100.*

Included in this balance, there are 40 items, amounting to Rs. 50,700 belonging to deposits of employes; they should be transferred to a new separate head "Security Deposits of Employes, Government Paper Account," and the Bank of Bengal should be requested to make the same transfer, and grant a separate receipt, to be headed "Security Deposit of Employes."

*Water-rate Fund Ledger.*—The *Deposit Account* in this ledger closed with a *credit balance* of Rs. 9,803-15-6 consisting of 423 items, extending back as far as the year 1886. The majority of the items composing this balance are for "deposits for water supplied for building and business purposes."

A fully detailed list of these 423 items should be forwarded to the Assistant Engineer in charge, Water-works, who should immediately supply the necessary information regarding these deposits on account of water supplied for building or business purposes, where the building has been completed or business stopped, so that this unwieldy balance may be reduced. The Chief Accountant should separate this account into three separate heads, as follows:—

- (a) Deposits for water supplied for building purposes:
- (b) Ditto ditto business purposes:
- (c) Earnest-money deposits, and the Assistant Engineer in charge, Water-works, should be instructed to see that when money is paid to the Municipal Treasurer by his department on account of deposits, that the *chalan* clearly states whether the deposit is for (a), (b) or (c).

The Treasurer should also be instructed to clearly distinguish these deposits in his accounts.

The Assistant Engineer in charge, Water-works, should be called upon to closely watch these deposits and prevent them from accumulating unnecessarily. As soon as a building is completed and the supply of water stopped, the deposit should be adjusted at once and not allowed to be unattended to for years.

*Drainage Loan Fund Ledger.*—The *Deposit Account* in the ledger closed with a *credit balance* of Rs. 388-1-1. A full detailed copy of this balance should be sent to the Chief Engineer, who should supply the necessary information to the Chief Accountant, to enable him to adjust the amount.

The *Advance Account* in this ledger closed with a *debit balance* of Rs. 8-11-6. This is for advance made to the Superintendent of Stores. He should be called upon to adjust the amount as early as possible.

*Water-supply Loan Ledger.*—The *Advance Account* in this ledger closed with a *debit balance* of Rs. 1,257-9-3. This is for advances made to Chief Engineer and Assistant Engineer to land water-pipes. A full detailed copy of this balance should be sent to the Chief Engineer, who should supply the necessary information to the Chief Accountant, to enable him to adjust this account.

The *Suspense Account* in this ledger closed with a *credit balance* of Rs. 882-3-9.

The Chief Accountant should ask the Chief Engineer whether the work for preparing plans, &c., for the riparian Municipalities has been completed, and if so, this amount should be transferred to "Water-supply Loan Miscellaneous Receipts."

*Town and Bustee Improvement Ledger.*—Rs. 118-0-6 have remained in deposit in this ledger since 1892. The Chief Accountant should adjust this amount during the current year, if possible.

2. The ledger balance of the outstanding miscellaneous bills on the 31st March 1895 amounted to Rs. 62,245-12-10, and purported to be in the hands of the following officers of the Municipality:—

Name.	General Fund.	Water-rate.	Loan.	Total.
	Rs. A. P.	Rs. A. P.	Rs. A. P.	Rs. A. P.

The Personal Assistant to the Vice-Chairman has taken actual stock of the above bills, but departmental returns verifying these balances have only been given in the Administration Report by the Joint-Collector, Warrant Officer, and Assessor. No departmental return has been given by either the Health Officer or the Engineer.

In paragraph 7 of the note on the audit of your accounts for 1892-93, attention was drawn to this defect, but it has not yet been remedied.

Out of 33 bills of the General Fund amounting to Rs. 274-11-6 in the hands of the Health Officer, only 3 originals and 2 duplicates amounting to Rs. 39-12-3 were produced before the Personal Assistant to the Vice-Chairman at the time of taking stock; and out of the balance 12 bills amounting to Rs. 187-1 could not be accounted for, but were stated to have been lost. This should be investigated and the officer who is responsible should either account for the bills, or make good the loss sustained by the Corporation.

The departmental returns of the Joint-Collector and the Warrant Officer agree with the balance in the ledger, but the return from the Assessor differs as follows:—

*Statement of miscellaneous bills disposed of in Assessor's Department during the year 1894-95, taken from page 55, paragraph 118 of Part I, Administration Report.*

should have been as follows:—

It will thus be seen that, with the exception of the opening balance, not a single column of the statement compiled by the Assessor's Bill Department agrees with the ledger balance. Care should be taken for the future to prevent this defect.

The Joint-Collector should be asked to explain why he cannot collect the bills of 1892-93 and 1893-94, and failing to collect them, why he did not send them to the Warrant Officer before the 31st March 1895. No miscellaneous bills should remain in his hands for more than three months. If he cannot collect them within that period, he should send them to the Warrant Officer, with a report in each case, stating why the bill could not be collected. The Warrant Officer should be called upon to explain the reason why the bills for 1890-91, 1891-92, 1892-93 and 1893-94 were still uncollected on the 31st March 1895, and in all cases where he is of opinion that the bill cannot be realised, should forward it with a report to the Chairman for cancellation. The balances in the hands of the Assessor, Health Officer, and Engineer represent bills that have been returned to them for some reference. It is not recognised to be the duty of the officer who sends a bill to another department for reference, to watch and see that it is promptly returned, or an explanation of the cause of delay given; consequently the accumulation of unadjusted bills in the receiving department is unchecked.

A large number of bills are stated to be detained in the hands of Government and public offices. All such bills for 1893-94 and former years should be recalled, and each case gone into, to ascertain the reasons of detention for such long periods.

A considerable number of bills are stated to be in the hands of the Pleader, Small Cause Court, upon which decrees have been given, but still the demands are unrealised. These also should be recalled, and all claims prior to 1st April 1894, looked into, and then, if in the opinion of the Chairman they cannot be realised, they should be remitted. It

should be remembered that all outstanding bills are shown in the municipal accounts as a realisable asset, and if they are not or cannot be realised, but are simply carried forward from year to year, the assets become more or less defective and misleading.

4. The ledger balance of the outstanding consolidated rate-bills on the 31st March 1895 amounted to Rs. 5,88,846-4-2 in the hands of the following officers:—

				Rs.	A.	P.
Collector	...	...	...	1,08,607	7	0
Joint-Collector	...	...	...	28,475	9	9
Warrant Officer	...	...	...	3,04,253	6	6
Assessor	...	...	...	87,507	12	11
				5,88,846	4	2

and the departmental returns from those officers agree with the balances in the ledger.

The Collector's balance of Rs. 1,08,607-7 includes bills to the extent of Rs. 25,786-9-8, stated to have been detained for various reasons in Government and public offices. To what period these bills belong, or for how long they have been detained in the offices referred to, is not stated. We would suggest that in future the Collector should show to what period, i.e., 1st, 2nd, 3rd, and 4th quarter of such and such a year, the whole balance in his hands refers, the absence of this information being a defect in his departmental return. We would also suggest that all Government or public offices, who have detained bills for more than three months, should be called upon either to pay or return the bills. In the latter case, the bills could then be handed over to the Warrant Officer for recovery by coercive measures, as in all other cases.

The terms of the Collector's contract are that he shall return all uncollected rate-bills within one week after the first presentation; it follows, therefore, that the balance in his hands ought to consist of bills of the last quarter only (all others having been passed on to the Warrant Officer), but in the absence of any information on this point in his departmental return, it is impossible to tell to what period the balance in his hands belongs. It also appears that no stock is ever taken of these outstanding rate-bills, or those in the custody of the Joint-Collector.

For obvious reasons it is quite as necessary to take stock periodically of the rate-bills as of the miscellaneous bills, and we would, therefore, strongly recommend the introduction of this precautionary check. Similarly the Joint-Collector's balance of Rs. 28,475-9-9 includes bills to the extent of Rs. 1,851-10-9 detained in Government and public offices. These should be dealt with immediately under the three months' limit. The departmental return of this officer shows that although he is under the same obligation as the Collector to return to the Warrant Officer all bills not collected within one week after first presentation, still on the 31st March 1895 he had in his own hands, exclusive of the bills detained in Government and public offices, bills for the 2nd and 3rd quarters of 1894-95 to the extent of Rs. 1,137-2, as follows:—

			Rs.	A.	P.
Owner's share, 2nd quarter, 1894-95	...	...	129	5	9
Ditto, 3rd ditto	...	...	163	11	3
Bustee land, 3rd ditto	...	...	944	1	0
Total	...	...	1,137	2	0

He should be called upon to explain why these bills were still in his hands, and no passed on to the Warrant Officer.

The departmental return of the Warrant Officer does not show clearly, year by year, how many years are included in his balance of Rs. 3,64,255-6-6. We would suggest this being done in the future, so that it may be seen at a glance how much of this balance will be barred by limitation each year and require to be removed from the list of realisable assets.

Similarly, the Assessor should show how many previous years' demands are included in his gross balance at the end of each year.

5. The ledger balance of the outstanding arrear house-rate bills on the 31st March 1895 amounted to Rs. 933-2-11 in the hands of the Warrant Officer only. The departmental return of that officer agrees with this figure, but is defective in not analysing the years included in this balance. This should be done in future.

6. The ledger balance of the outstanding night-soil fees on the 31st March 1895 was Rs. 691-15-2 in the hands of the Warrant Officer only.

The departmental return exhibits this figure, but does not analyse the years covered by this balance. This should be done in future.

7. The ledger balance of the outstanding arrear water, police and lighting-rate bills on the 31st March 1895 amounted to Rs. 611-12-9 in the hands of the Warrant Officer only.

The same remarks apply to this return as to those under paragraph 5 and 6 above.

8. The ledger balance of the outstanding market rent-bills on the 31st March 1895 was Rs. 4,786-9-3 in the hands of the following officers:—

*Superintendent of Market—*

		Rs.	A.	P.	Rs.	A.	P.

and these figures agree with the departmental returns of these officers. The departmental returns, however, are defective in not analysing the balances, according to years, to show how much belongs to each year. This should be done in future.

During the year under audit, bills to the extent of Rs. 695-1-6 had to be cancelled as irrecoverable, as follows:—

9. During the year under audit 82 estimates for metal for road repairs, aggregating 227,000 cubic feet, valued at Rs. 33,445, were made out by the Road Department against a head called "Reserve Stock," instead of the name of the particular roads for which the metal was required being given on the estimates, as is customary in all other cases; 65 of these estimates were stated to be for town area and 17 for the added area.

Now, there is no such head as "Reserve Stock" in the accounts of the Municipality, and if there were, it would be a suspense head, and not an expenditure head. We would point out that it is irregular in any circumstances to make out estimates for final expenditure against a fictitious head. This practice should, therefore, be put a stop to at once, and all future estimates should be made out against the particular roads for which the metal is required. The practice also, which obtains at present, of allowing contractors and others to sign receipts for metal from the Store Department, without obtaining the countersignature of the Road Overseer, is open to grave objection, and we would strongly advise orders being issued at once, that in future all receipts, for anything received from the Store Department for roads, must be countersigned by the Road Overseers.

\* Old metal stated to be available.

The system at present in vogue in the Road Department of granting receipts to the Store Department in the month of March of each year for road metal that is not removed from the storeyards until after the financial year has expired, and charging the value of these nominal issues against the fictitious head "Reserve Stock," so as to prevent the road grants lapsing, is an irregular expedient for evading the natural operation of the Budget system which cannot be countenanced. No receipt for road metal should be granted by the Road Department to the Store Department until the metal has actually been removed from the storeyard and delivered on the road for which it is intended. If these were done, the contractor's receipt would certify that the metal had been received by him at the gate of the storeyard and the Road Overseer's countersignature on the same, that the contractor had delivered the metal on the road where it was wanted. The absence of this necessary safeguard makes it quite possible for fraud to be committed at any time. It should be the duty of the Superintendent of Stores to see that the countersignature of the Road Overseers is obtained on each receipt, and of the Road Superintendent that no receipts are granted without the metal being actually delivered at the site where it is wanted. If the repairs to any road cannot be completed within the financial year to which the grant refers, and the grant lapses, application in the usual manner should be made to have the grant re-sanctioned for the next year. Any other method of dealing with cases of this kind leads to confusion in the accounts, and opens wide the door to serious abuses.

10. In paragraph 16 of the note on the accounts of 1892-93, attention was drawn to the absence of stock lists from any of the departments of the Municipality, and again in paragraph 11 of the note on the accounts of 1893-94 this was repeated, with the addition that stock had not yet been taken for all the departments, and that in those cases where it had been taken, it was defective, as no transfer had been made to block. Very clear instructions were then given regarding any difficulty that might arise regarding valuation. We notice, however, that the suggestions have not been attended to during the year under audit. No returns have been received from either the Engineer or Health Officer's Department, or the departments subordinate to them. In those returns which have been received, a valuation is given in some instances, and in others left blank; some have been totalled and others not. Under these circumstances, it is quite impossible for the Chief Accountant to make any transfer to Block Account, and we must again point out that the early submission of these returns ought certainly to be required from all departments of the Municipality; that they should be prepared on a uniform plan, and that the valuation should be arrived at by either of the alternatives suggested in paragraph 11 of the note of last year, so that the Chief Accountant may make the necessary transfer before the end of the current year.

C. E. BUCKLAND,  
Secy. to the Govt. of Bengal.

## RULES UNDER ACT I (B.C.) OF 1889.

## Definitions.

1. In these rules, unless there is something repugnant in the subject or context—

*Manager* means any person appointed by an Agent to be in charge on his account of any depôt or rest-house.

*Depôt* means any place of accommodation for emigrants, as defined by Act I (B.C.) of 1889, in which the emigrants are collected prior to their being despatched by an Agent or Manager to another depôt or to their destination in the labour districts.

*Rest-house* means any place of accommodation for emigrants in which the emigrants are halted between the time of leaving a depôt and arriving at another depôt or at their destination.

## Places of accommodation for emigrants.

2. Every Agent shall provide and maintain, in such places as the Local Government may from time to time direct, or in the absence of such direction in respect of any route, in such places as the District Magistrate may direct or approve, depôts and rest-houses for the accommodation of the emigrants who may be collected by him or on his behalf, pending their removal and during their journey to a labour district.

Failure to provide and maintain the accommodation required by this rule shall render an Agent liable to a fine not exceeding Rs. 200, and, if the accommodation is not provided within a reasonable time after the infliction of such fine, he shall be liable to a further fine not exceeding Rs. 50 for every day until the accommodation is provided.

3. The amount of accommodation to be provided and maintained, and the sanitary arrangements to be made in such depôts and rest-houses, shall be regulated generally by the rules prescribed under Act I of 1882 for depôts, subject to any modification which the District Magistrate may permit in the case of rest-houses. The District Magistrate may require the Agent to make such arrangements for the supply of drinking water as may seem to him necessary. At least one side of each depôt shall be enclosed along its whole length by an iron railing or wooden paling instead of a continuous wall, to allow perfusion of air, and such railing or paling shall not be blocked in any way internally.

4. No such depôt shall be used for the accommodation of emigrants until the sanitary arrangements in it shall have been approved by the District Magistrate, and no place which has not been so approved shall be recognised as a depôt within the meaning of rule 2. A placard shall be affixed to the depôt signifying that the District Magistrate has approved of the sanitary arrangements and stating the number of emigrants who may be accommodated in it. Such approval may at any time be withdrawn by the District Magistrate for sufficient reasons to be stated in writing.

If the number of emigrants accommodated at one time in any such depôt exceed the number for which accommodation has been duly provided, the Agent or Manager responsible shall be liable to a fine not exceeding Rs. 5 for each emigrant in excess of such number for every day during which such excess exists.

5. The District Magistrate shall maintain a Register of the depôts and rest-houses approved by him under this rule in the Form A attached to these rules.

In Calcutta the powers conferred and the duties imposed by this rule and the rules preceding on the District Magistrate shall appertain to the Superintendent of Emigration.

6. For each depôt or rest-house while it is in use, the Agent shall, unless he himself lives on the premises, appoint a Manager to be approved by the District Magistrate, and on failure to do so, shall be liable to a fine of Rs. 100, and to a further fine of Rs. 20 for each day during which such failure continues after he has been convicted of a breach of this rule.

7. The District or Subdivisional Magistrate, or a Magistrate subordinate to him, the Civil Surgeon, or an Assistant Superintendent of Emigration, or an officer of Police above the rank of Sub-Inspector authorized by the District Magistrate, and in Calcutta the Superintendent of Emigration, may inspect all depôts and rest-houses, and all Agents and employees of Agents in charge of such places shall afford to the inspecting officer every facility for making such visits and inspections.

All inspection notes shall be entered in an inspection book to be kept up in such places of accommodation.

A copy of the inspection notes shall be forwarded at once by the inspecting officer to the District Magistrate.

Any person who wilfully obstructs or causes to be obstructed any of the above-mentioned inspecting officers entering any depôt or rest-house for making any lawful inspection or inquiry, shall for every such offence be liable to a fine not exceeding Rs. 100.

*Treatment of emigrants on a journey.*

8. The routes by which emigrants and their dependents shall travel on leaving a depôt, as prescribed by the Local Government, are shewn in the schedule attached to these rules.

The taking of emigrants by any other than a prescribed route is prohibited, and every Agent or Manager responsible for emigrants being so taken shall be liable to a fine not exceeding Rs. 20 for every emigrant so taken.

9. An Agent shall either himself accompany the emigrants engaged or assisted by him until they are put on board the steamer at Goalundo or Dhubri, as the case may be, or shall send with them some competent person. Such Agent or other person shall have and produce, when called upon to do so by any officer authorised to inspect depôts and rest-houses, a *chalan* showing particulars of the emigrants in his charge in the following form:—

Depôt from which despatched.	Date when despatched.	Name and father's name of person in charge of party.	PARTICULARS OF EMIGRANT OR DEPENDENT.								Destination.	Route to be taken.
			Name.	Father's name.	Caste.	Age.	Sex.	Village.	Pargana.			
	2	3	4	5	6	7	8	9	10	11	12	

Neglect of the provisions of this rule shall render the Agent or person in charge of the emigrants liable to a fine not exceeding Rs. 20 for each emigrant travelling in his charge the requisite particulars respecting whom are not duly entered in the *chalan*.

10. When the number of emigrants (exclusive of dependents) proceeding on their journey to a labour district is more than twenty, for every twenty emigrants so in excess, or for any number of emigrants less than twenty in excess, one additional Agent, or person appointed by him, shall accompany the emigrants so proceeding. Provided that when the emigrants are embarked in any steamer for conveyance to their destination by water, no such

additional Agent or person appointed by him shall be required to accompany the emigrants during such river journey.

Neglect of the provisions of this rule shall render the Agent liable to a fine not exceeding Rs. 20 for every emigrant travelling otherwise than in accordance with this rule.

11. Every Agent, or person appointed as aforesaid, who accompanies emigrants to the labour districts, shall provide each emigrant and dependent (if any) travelling between the months of November and February inclusive with a thick and warm blanket and a woollen jacket in the case of males, and with a thick warm blanket and a woollen *kurta* in the case of females, besides the clothing ordinarily provided.

For every omission to comply with the provisions of this rule, the Agent or person appointed as aforesaid shall be liable to a fine not exceeding Rs. 50.

12. Every Agent, or person appointed by him as aforesaid, shall provide two cooked meals every day for emigrants travelling by road, and a cooked meal for emigrants to be started on a railway journey after 9 A.M., and for those to be started at or before that hour, if a cooked meal cannot be provided, a dry meal instead, consisting of (a) bread or biscuit and sugar in the proportion of one pound of bread or two large biscuits and one ounce of sugar to each emigrant of and above 10 years of age, and half the above quantities to each emigrant under the age of 10 years, or (b) *choora* and *suttoo* or similar food eaten by people of the class to which the emigrant belongs. In the evening a cooked meal or, if that is impracticable, a dry meal as above shall be provided. Also, if the journey between two halting stations is likely to occupy more than 6 hours of daylight, a supply of food in the same proportion shall be given by the Agent or person aforesaid for distribution to the emigrants for consumption during the journey.

The Agent or Manager in charge of a depôt or rest-house shall also be responsible that all emigrants are properly fed and cared for as required by the rules while under his charge.

For every omission to comply with the provisions of this rule, the Agent or person appointed by him as aforesaid, or the Manager responsible, shall be liable to a fine not exceeding Rs. 50 for each emigrant in respect of whom the rule is broken.

13. When emigrants are about to be despatched by a train, the purest drinking water obtainable shall be supplied by the Agent in a sufficient number of vessels conveniently placed with the emigrants in the carriage.

Such supply shall be at least one quart for each emigrant and dependent, and there shall be at least one vessel for each compartment of the carriage. Emigrants should be afforded during the journey opportunities for leaving their carriages at suitable places, to be fixed from time to time by the Superintendent of Emigration.

Neglect of the provisions of this rule shall render the Agent or person appointed by him as aforesaid liable to a penalty not exceeding Rs. 20 for every emigrant in respect of whom such neglect occurs.

14. Emigrants about to travel by train shall be accommodated, as far as possible, in third class carriages specially reserved for them, or in suitably constructed goods wagons, and the number in each carriage shall in no case exceed the regulation number.

*Procedure in case of death or illness of emigrants.*

15. Every Agent or Manager shall report to the police-station, within the jurisdiction of which the depôt or rest-house of which he is in charge is situated, the occurrence and the supposed cause of every death which takes place at such depôt or rest-house, or in the course of the journey to any depôt or rest-house. Such report shall be made within twenty-four hours of the occurrence of such death.

For every omission to comply with the provisions of this rule, the Agent or Manager responsible shall be liable to a fine not exceeding Rs. 200.

16. Every Agent, or person appointed by him as aforesaid, shall report to the nearest Magistrate, police-station or Embarkation Agent, or to the Superintendent of Emigration in Calcutta, the case of any emigrant or dependent who, while under his charge, appears to be suffering from cholera or small-pox, and in default shall be liable to a fine not exceeding Rs. 200.

A Magistrate or Embarkation Agent or the Superintendent of Emigration in Calcutta may, on receipt of such report, or on his own motion, if himself a medical man, examine, or if not himself a medical man, send for examination to a medical man, any emigrant who appears to be suffering from cholera or small-pox.

17. If such emigrant or dependent is on such examination declared to be suffering from such disease, the Magistrate or Embarkation Agent or the Superintendent of Emigration in Calcutta may order him to be detained at such place as he thinks fit, until the emigrant or dependent is in a fit state of health to undertake such journey, when he shall either be forwarded to the labour district, or sent back to the place from which he came, according as the Agent or person appointed by him accompanying such labourer or dependent may direct.

While any emigrant or dependent is so detained, he shall be entitled to be fed, lodged, clothed, and (if necessary) medically treated at the cost of the Agent.

18. When an order under Rule 17 has been made with reference to any emigrant, any person dependent upon, and any other emigrant being the wife or husband of, such emigrant shall be entitled—

- (a) until such emigrant is in a fit state of health to undertake such journey, to be fed, lodged, clothed, and (if necessary) medically treated at the place where such emigrant is detained, and at the cost of the Agent;

(2) if such emigrant is sent back to the place from which he came, to be sent back to such place at the cost of the Agent.

When any such order has been made with reference to any dependent, the emigrant to whom he is attached shall thereupon, until such dependent is in a fit state of health to undertake the journey to the labour district, be entitled, if the emigrant so wishes, and if he or she be the husband, wife, son or daughter of such dependent, to be fed, lodged, clothed, and (if necessary) medically treated at the place where such dependent is detained, and at the cost of the Agent; and if such dependent is sent back to the place from which he came, such emigrant shall, if he or she so wishes, and if he or she be the husband, wife, son or daughter, of such dependent, be sent back to such place.

If such emigrant is entitled and claims to be fed, lodged, clothed, and (if necessary) medically treated or to be sent back, his or her dependents, and any other emigrant being the wife or husband of such emigrant, shall be entitled, as the case may be—

(a) to be fed, lodged, clothed, and (if necessary) medically treated at the place where such dependent is detained, and at the cost of such Agent, until such dependent is in a fit state of health to undertake the journey to the labour district, or

(b) to be sent back at the cost of the Agent to the place from which he or she came.

19. If the Agent or person appointed by him accompanying any emigrant or dependent fails to provide such emigrant or dependent with food, lodging, clothing and medical treatment, or to send him back as required by Rule 17 or 18, the Magistrate or Embarkation Agent or the Superintendent of Emigration in Calcutta may order such Agent or person to pay such sum as is necessary to provide such food, lodging, clothing and medical treatment, or to defray the cost of the return journey of such emigrant or dependent, as the case may be, to the place from which he came, and on failure for twenty-four hours of such Agent or person to comply with such order, he may pay the sum specified in the order to or on behalf of such emigrant or dependent, and recover the amount from the Agent.

20. In the event of an emigrant or dependent dying on the journey by road to any railway station on the way to the labour district, the Agent or his employé shall arrange promptly for the disposal of the dead body in a suitable manner. If he fails to do so, the District Magistrate, or any one appointed by the District Magistrate in that behalf, or the Superintendent of Emigration in Calcutta, may dispose of the dead body, and the cost shall be recoverable from the Agent.

21. If an emigrant or dependent is attacked by cholera or small-pox, he shall on recovery be supplied with clothing by the Agent on the scale provided in the case of contractors' emigrants by the rules made under Act I of 1882. If he fails to do so, the District Magistrate, or any one appointed by him in that behalf, or the Superintendent of Emigration in Calcutta, may supply such clothing, and the cost shall be recoverable from the Agent.

22. If an emigrant or dependent is attacked by cholera or small-pox on a railway journey, the Agent, or person appointed by him as aforesaid, shall remove the patient as soon as possible to the nearest cholera hospital on the line, or other suitable place for medical treatment, or in default shall be subject to a fine not exceeding Rs. 200.

### Miscellaneous.

23. In any case under these rules, except Rule 15, it shall be competent to the Magistrate to award as compensation to any emigrant concerned or injured, the whole or any portion of the fine or fines levied and realised, and under Rule 15 to award such compensation to the dependents of the deceased, or, if the deceased was a dependent, to the emigrant to whom the dependent was attached.

24. Any fine imposed upon a Manager or other employé of an Agent in consequence of any act done on behalf of the Agent shall, in default of payment by the Manager or employé, be recoverable from the Agent.

## NOTIFICATIONS OF THE BOARD OF REVENUE.

UNDER section 22 (2) of Act I (B.C.) of 1895, the Public Demand Recovery Act, the following rules have been framed by the Board with reference to the requirements of section 287 of the Code of Civil Procedure in regard to sales of property in execution of a certificate, and are published for general information:—

- I.—When the officer who effects an attachment under section 269, Act XIV of 1882, believes that the property attached does not exceed twenty rupees in value, he shall inform the debtor, or, in his absence, any present adult member of his family, that it will be sold by public auction at once, without the issue of any proclamation under section 287. In case the decree-holder or the judgment-debtor, or any person on his behalf, objects to the adoption of the course, the attaching officer will convoke a panchayat of not less than three respectable adult male inhabitants of the neighbourhood, of whom ordinarily the headman of the village should be one, and will require them to assess the value of the property. If they determine that it exceeds Rs. 20 in value, he shall deal with it under the rules framed by the Lieutenant-Governor of Bengal, otherwise he shall forthwith proceed to sell it by auction, after giving such reasonable notice, as the circumstances of the case admit of, to intending purchasers.
- II.—At the time of making an application under section 280, Act XIV of 1882, for the attachment of moveable property in the possession of the judgment-debtor, the decree-holder shall pay the costs of issuing the proclamation of sale under section 287 of the Act, unless the value of the property, the attachment of which is applied for, is alleged by him not to exceed Rs. 20 in value. In this case, should the value of the property as determined by the above rule, be found to exceed Rs. 20, the decree-holder shall pay the costs of the proclamation immediately on receipt of notice of attachment.
- III.—Sales of moveable property not exceeding Rs. 20 in value shall be held on the spot. Such sales will necessarily be conducted by peons when they are the attaching officers. Sales of moveable property of greater value may be held on the spot or at the Sadar or subdivisional head-quarters, as may seem convenient and conducive to the securing of good prices. For such sales officers of higher rank than peons should always be deputed when the value of the property is estimated to exceed Rs. 50, and proclamation should be issued. When the value is between Rs. 20 and Rs. 50, the Collector or Deputy Collector may by a special order depute a peon, if he considers it desirable to do so.
- IV.—Sales of immovable property should ordinarily be held at the district or subdivisional head-quarters, according as the villages may be nearer to either, but sales on the spot are desirable when bids or sufficient bids cannot be obtained at head-quarters. It sometimes happens that it is only by holding sales in the villages that the property can be disposed of. When this is the case, nazirs, naib-nazirs or bakshis should be employed; but in rare instances, where the value of the property is very small and the cost of deputing a higher officer would be out of proportion to it, a trustworthy peon may be sent out under the special orders of the Collector or Deputy Collector. For all sales of immovable property proclamation must be issued.
- V.—Sales of estates or shares of estates should always be held at the district or subdivisional head-quarters.
- VI.—In order to ensure a good attendance of bidders and fair bids, it is desirable that regular sale days, whether one or more in the month, should be fixed, and that lists of property to be put up at each sale should be published some days in advance. This arrangement cannot, perhaps, be made ordinarily at subdivisions, where sales are few and far between, but it should be introduced where the sales are sufficiently numerous and regular.
- VII.—In cases in which the decree-holder applies for leave to purchase under section 294 of the Code of Civil Procedure, an order to set off the purchase-money against the amount of the decree shall be made upon the application for leave to purchase. Such order shall be made upon a petition presented after the property has been knocked down to the decree-holder at the auction-sale, and such petition shall be stamped with stamps of the value of the poundage fee due for selling the property, viz.—
  - 2 per cent. on the gross amount realised by the sale of the property, up to Rs. 1,000.
  - 1 per cent. more on all excess of all gross proceeds beyond Rs. 1,000.

VIII.—Upon the hearing of such petition the costs of execution, including the amount of the stamps attached to the petition, shall be ascertained and shall be added to the decree; and in cases in which the amount of the purchase-money exceeds the amount of the decree and of such costs, the decree-holder who has so purchased the property shall pay into Court the sum of 25 per cent. upon the balance of the purchase-money after deducting the amount of the decree and of such costs, and shall pay the balance at the expiration of fifteen days in accordance with section 307 of the Code of Civil Procedure.

The following are the conditions of sale:—

1.—The opium will be sold for exportation by sea only, and no certificate will be granted except to cover such export.

2.—The opium will be ordinarily offered for sale at an upset price of Rs. 800 per chest, and sold to the highest bidder above that price, except under the circumstances for which provision is made by clause 18 of these conditions of sale. The bids must advance by Rs. 5 at a time.

3.—The sale shall commence at the hour of 11 A.M. of the day fixed by previous notification, and shall not be continued after the hour of 5 P.M.; but if at that hour any of the lots advertised for sale shall remain unsold, the sale may, at the discretion of the Board of Revenue, be resumed on the next day following (not being Sunday or a public holiday), at the hour of 11 A.M., and so on until the whole of the remaining lots are disposed of; or, if the whole quantity advertised shall not be sold on the day appointed, the Board of Revenue may dispose of the lots which remain on hand at a future sale.

4.—Each lot shall contain five chests.

5.—A Promissory Note for a sum, calculated according to the scale, noted in the margin,

DEPOSIT.

When the amount bid is less than Rs. 1,200 per chest, Rs. 200 per chest.

On bids of Rs. 1,200 and upwards, but less than Rs. 1,600 per chest, Rs. 300 per chest.

On bids of Rs. 1,600 and upwards, but less than Rs. 2,000 per chest, Rs. 400 per chest.

And so on, Rs. 100 being added to the deposit for every bid additional, to the extent of Rs. 400.

shall be taken as a deposit on each lot from the purchaser in the sale-room and before the lot is registered in the sale-book, and all such Promissory Notes shall be redeemed on the part of the purchasers at this Office by Bank of Bengal receipts or by substitution of other public securities of the Government of India, on or before 3-30 P.M., in the afternoon of the fifth day after the sale, provided it does not fall on a Saturday; if it falls on a Saturday, the said notes must be redeemed by 1-30 P.M., or, on the other hand, failing such redemption by the time aforesaid, then the lot or lots for which no Bank

of Bengal receipts or deposit of other public securities as aforesaid shall have been delivered in, shall be re-sold at such time or times and under such conditions of re-sale as the Board of Revenue shall see fit; and all losses and expenses whatsoever attending such re-sale shall be borne and paid by the defaulters, whilst any profit accruing from such re-sale shall be forfeited to Government.

6.—The said Promissory Notes shall be absolutely payable in any event, and the amount thereof shall be absolutely forfeited upon such default as before mentioned, and the amount thereof shall not go or be credited in reduction of any loss on re-sale or expenses thereby incurred, but shall be recoverable whether such re-sale shall be had or not, or whether there shall be a loss on such re-sale or not.

7.—The Promissory Notes taken on the day of sale under the fifth condition, if remaining unredeemed at 3-30 P.M. of the fifth day following the day of sale, or 1-30 P.M., if the last day falls on a Saturday, will be placed in the hands of the Solicitor to the Government for realization in such manner as to him shall seem fit.

8.—No tender of money, Bank of Bengal Receipts, or public securities, on account of opium upon which the prescribed deposit may not have been made before the prescribed time in clause 5 on the fifth day following the day of sale will be afterwards accepted. Provided always that money so subsequently tendered may be taken in payment of the said Promissory Note, but such acceptance of money shall in no way entitle the payer thereof to any right to delivery of the lot or lots in respect whereof the said note was given, or to any of the rights of a purchaser thereof, or release the payer from liability for any unpaid balance of such notes or from the additional liability for the loss and expenses of such re-sale as provided for in clauses No. 5 and No. 6.

9.—The opium advertised for sale shall be paid for not later than by 3-30 P.M. of the fifteenth day from the day of sale, provided it does not fall on a Saturday; if it falls on a Saturday, the opium must be paid for by 1-30 P.M.; and in case any lots of such opium shall not be so paid for and adjusted, then the cash deposit made under the fifth condition, or any public securities that may have been deposited on account of such lots or chests, shall be forfeited, and the opium shall be disposed of on account of Government at such time and in such manner as the Board of Revenue shall think fit; and the first purchaser shall further be required to make good all expenses and any loss or difference of price between that obtained at the re-sale and the amount at which the opium was first purchased, forfeiting all advantages that may arise from such re-sale, and the liability for the loss or difference of price and expenses shall be in addition to, and wholly independent of, the amount of the deposit so forfeited.

10.—Purchasers taking out certificates or orders for the delivery of opium, after making full payment as above prescribed, shall have the option of naming the number of lots of their purchase, which they may desire to be included in each certificate or order; and it is to be clearly understood that the certificates or orders so taken out shall be considered final, and not afterwards changeable for other certificates or orders authorizing the delivery of single lots, or of a different number of lots or chests, whether more or less, than the number of lots or chests originally required to be included in each certificate or order.

11.—No deposit of public securities under the fifth of the present conditions will be received in this office except from the party recorded as the purchaser in the sale-book, or his authorized agent. The receipt for deposit of public securities will be granted only in the name of such purchaser, and the securities so deposited will be returned when payment in full has been made by the said purchaser or his order.

12.—The officer superintending the sale on the part of the Government is empowered to reject, at his discretion, the bid of any individual, unless such individual shall on demand tender at the time a deposit either in Government of India Notes, Bank of Bengal Receipts, or Government Securities, a sum equal to the amount for which a promissory Note would otherwise be taken under the fifth of these conditions.

13.—With a view to prevent fictitious biddings designed to obstruct the sale, it is hereby notified that the officer of Government superintending the sale shall be competent, at any time during the sale, to withdraw any unsold lot, and immediately to put it up again for sale at a maximum upset price, diminishing the same gradually by Rs. 5 at a time until a bid is obtained; and the first *bond fide* bidder for a lot after it has been offered for sale in the mode here described shall be held and declared to be the purchaser of the said lot, and the officer of Government Superintending the sale shall also be competent to dispose, in the same manner, of as many of the subsequent lots as he may think proper, provided always that no lot shall be sold below the minimum price of Rs. 800 specified in the second of these conditions.

14.—The purchaser of any lot shall have the option of naming and purchasing in immediate succession, at the same price and under the same conditions, any number of lots of the same Agency opium not exceeding altogether twenty-five lots, provided always that there remain a sufficient number of lots of the opium to complete the said twenty-five.

15.—In the event of any dispute or difference touching or concerning any matter or question arising out of the sale of the opium included in this notification, or adjustment of the account thereof, the same shall and may be tried and decided in the High Court of Judicature at Fort William in Bengal.

16.—The following papers will be exhibited for inspection on the day of sale, or may be seen previously to that date by personal application at the Office of the Board of Revenue:—No. 1, certificate of the opium advertised for sale; No. 2, report of the examination of such opium.

17.—The public are hereby informed that in providing the investment of the opium manufactured at the Patna Factory and the opium manufactured at the Ghazipur Factory for the year 1894-95, the same precautions have been taken as those which have been observed during past years to have the drug procured and sent down in a pure state, to have only the prescribed quantity of leaves used in forming the cakes, and to have the due proportion of opium put into each cake. An account of the weight of the drug when packed at the Patna and Ghazipur Factories, and a statement of the average weight of the chests, indiscriminately taken, for the purpose of comparison, from the despatches on arrival at Calcutta, may be seen on personal application at the Office of the Board of Revenue.

18.—Any further information respecting weight or quality of the opium advertised for sale, that may be desired by parties connected with the trade, will, as heretofore, be furnished to them on personal application at the Office of the Board of Revenue. But, in accordance with established usage, under no circumstances will the Board of Revenue entertain or recognize any claim to compensation for loss from any alleged deficiency of weight, abstraction of opium, or adulteration of the drug, which may be preferred on reference to chests after the sale and delivery of the opium for shipment.

By order of the Board of Revenue, L. P.,

E. H. WALSH,

*Offg. Secretary.*

at any time prior to the grant of the Certificate of Qualification hereinafter referred to, institute such further inquiries as they may deem necessary; and if the result of such inquiries, in the case of any Candidate, should be unsatisfactory to them in any of the above respects, he will be ineligible for admission to the Civil Service of India, and if already selected, will be removed from the position of a Probationer.

**English Composition.**—An Essay to be written on one of several subjects specified by the Civil Service Commissioners on their Examination Paper.

**English Language and Literature.**—The Examination will be in two parts. In the one the Candidates will be expected to show a general acquaintance with the course of English Literature, as represented (mainly) by the following writers in verse and prose, between the reign of Edward III. and the accession of Queen Victoria :

Verse—Chaucer, Langland, Spenser, Shakespeare, Milton, Dryden, Pope, Gray, Collins, Johnson, Goldsmith, Crabbe, Cowper, Campbell, Wordsworth, Scott, Byron, Coleridge, Shelley, Keats.

Prose—Bacon, Sir Thomas Browne, Milton, Cowley, Bunyan, Dryden, Swift, Defoe, Addison, Johnson, Burke, Scott, Macaulay (Essays and Biographies).

**Latin Language and Literature.**—Translation from Latin into English, Composition in Prose and Verse, or (as an alternative for Verse-Composition) questions on Latin Philology. Critical questions on the Latin Language and Literature.

The other part of the Examination will relate to one of the periods named below, which will follow each other year by year in the order indicated.

- |        |  |
|--------|--|
| 1.     | A.D. 1360 to A.D. 1600                             |
| (1896) | [Chaucer to Spenser]                               |
| 2.     | A.D. 1600 to A.D. 1700                             |
| (1897) | [Shakespeare to Dryden]                            |
| 3.     | A.D. 1700 to A.D. 1800                             |
| (1898) | [Pope to Cowper]                                   |
| 4.     | A.D. 1800 to A.D. 1832                             |
| (1899) | [Nineteenth Century writers to the death of Scott] |

The Examination in this part will require from Candidates a more minute acquaintance with the history of the English language and literature, as illustrated in the chief works produced in each period, and will be based to a considerable extent, but by no means exclusively, on certain books specified each year by the Commissioners.\* The names placed under the dates are intended to suggest the general character of the literary development of the period, and, consequently, the natural limits of the Examination. **German Language and Literature.**—Translation from German into English, and from English into German. Critical questions on the German Language and Literature.

A minute knowledge of the works of these authors will not be looked for in this part of the Examination, which will, however, test how far the Candidates have studied the chief productions of the greatest English writers *in themselves*, and are acquainted with the leading characteristics of their thought and style, and with the place which each of them occupies in the history of English literature. Candidates will also be expected to show that they have studied in these authors the history of the English language in respect of its vocabulary, syntax, and prosody.

### REVISED ADVERTISEMENT.

**A Dictionary of the Economic Products of India.** By DR. GEO. WATT, C.I.E.,

Reporter on Economic Products.

Published under the authority of the Government of India in the Revenue and Agricultural Department.

The first five volumes and Vol. VI. Parts I, II, III & IV of the Dictionary are now ready at the Office of Superintendent of Government Printing, No. 8, Hastings Street, Calcutta, and will be supplied to non-subscribers on receipt of the price for the complete set, which is Rs. 45 in India, and 3 guineas in England (exclusive of the index, for which a separate charge will be made); packing and postage, in India, 8 annas per volume; for England, Rs. 1-6 per volume. For copies bound in half calf or half morocco, Rs. 6 and 8 shillings, respectively, will be charged extra for the whole set.

The Dictionary is intended to deal with the products of India—animal, vegetable, and mineral; each product being treated after a uniform plan, the paragraphs of which give the scientific, vernacular, and European names; habitat or source; history; properties and uses (both chemical and industrial); trade statistics; markets, &c. The work is arranged alphabetically according to scientific nomenclature, but commercial and important vernacular names are also given as cross references, so that little difficulty need be experienced in finding the account of a product even when its scientific name is unknown to the reader.

An important feature of the Dictionary consists in the fact that derived information is in every instance given under quotation marks, and with a reference to the original publication. Numerous contributors have, however, furnished the results of new discoveries and confirmed the vernacular names, so that the Dictionary is not only a complete compilation of published information, but has been brought abreast of the most recent inventions and discoveries.

Volume I contains the letters A and B, and consists of 559 royal octavo pages; Vol. II embraces the letter C in 389 pages; Vol. III contains the letters D, E, F and half of G. Vol. IV latter half of G to middle of L; and Vol. V contains the latter half of L to end of O; Vol. VI, which will consist of four parts, Part I, contains letters P to R. The whole work will, it is expected, be completed in nine volumes (including Parts I to IV of Vol. VI) during the current year; but a tenth volume may also be issued, consisting of an index to all the vernacular and other names contained in the Dictionary. The index will practically be a Glossary of the vernacular and European names of the plants, animals and minerals of India, and as such will be a work of reference, which, it is hoped, may prove of considerable value.
